U.S. Employment At Record High

NEWARK, N.J. (AP)—Secretary of Labor James P. Mitchell has reported that national employment reached an all time high for the month of October with 66,200,000 persons holding jobs.

SINGER BEVERLY HUDSON, who was an audience spellbinder when she appeared here last year, is an added attraction to the already hit show currently appearing in the Chi Chi Starlite Room, starting tonight. Headlining the show is Sid Tomack, comedy star of television and motion pictures, and the third outstanding act are The Dandees, America's Foremost Young Comedy Team, who were acclaimed when they last appeared here.

One Day Student, Next Day Star, 16 Year Old Youth Tells Reaction

By ALINE MOSBY
United Press Hollywood Writer
HOLLYWOOD (AP)—Take a high school student... yank him out of class and make him a star in his first motion picture... how would he react?

Hal Stalmaster is just as excited and dazed as you would expect. One day he was just another 16-year-old junior at Beverly Hills High School. The next day producer Walt Disney nailed him to star in the title role in "Johnny Tremain," which the old master hopes will hit as hard as did his fabulous Davy Crockett series on TV and in movie theaters.

Johnny Tremain is a fictional lad who falls in and out of adventures with true-life characters such as Paul Revere in the Revolutionary War period. Disney was searching for a youth with an eager eye.

HAL, WHO LOOKS very eager, was working last summer as an office boy for his brother, a TV casting director. One agent who spotted Hal running errands got him a job in a TV film playing the Rev. Bob Richards, the pole vaulter, as a youth. That was his first acting job.

Then another agent saw Hal and reported him to Disney. "I asked my brother, and he said it was okay," Hal said excitedly.

Hal was born in Los Angeles but his father, the late Irvin Stalmaster, once was a State Supreme Court judge in Nebraska. At Beverly Hills High, Hal studies U.S. History, English and Spanish.

"I'd always planned to go into show business, but as a producer where you get a regular paycheck," he said. "When you're an actor you never know when you'll work. Now I'll wait and see what happens after this Disney movie comes out. I may continue acting."

IN REVERSE from the Davy Crockett movie, "Johnny Tremain" will be shown first in movie theaters next spring. It had been scheduled for a TV showing first in January. But Davy Crockett apparently fared badly in theaters because he had been a television star first. This time Disney will try to recoup his \$1 million budget from theaters first, and next season splice "Johnny Tremain" into a TV series.

City Officials Return From League Meet

City administrators and officials returned yesterday from the League of California Cities convention in Los Angeles, where collectively and individually they took part in discussions of running a modern city.

Convention headquarters were the Biltmore hotel, where all the discussion panels were held. General sessions were held in the Biltmore theatre.

Attending from Palm Springs were Councilman Florian Boyd, Jerry Sanborn, Ted McKinney, Frank Miller and Leonard Wolf. City Manager R. W. Peterson, and Administrative Assistant Dick DeLong, City Attorney Jerry Bunker, Chief of Police August G. Kettmann, Fire Chief William Leone, and Director of Finance Shelby Langford.

While attending the conference, Palm Springs officials talked with ex-Palm Springers George Mentum and Jack Keefe, both past city engineers.

ANTHONY SCHICK was named as the first Desert Sun Carrier of the Month, and awarded a statue denoting the honor by Publisher Ward J. Risvold.

Anthony Schick Named 'Carrier Boy of Month'

Anthony Schick, 14, is The Desert Sun's first "Carrier Boy of the Month."

He was presented with a plaque by Publisher Ward J. Risvold for his outstanding ability and achievement, the first such honor to be made monthly by this newspaper.

Compliments are rare, in fact non-existent on Anthony's routes on Indian Avenue and Palm Canyon Drive, and he conducts a personalized delivery to each door. He has two routes, being a Senior Carrier Boy.

Anthony is the son of Mrs. Nina Schick, and resides at 156 South Indian Avenue.

Fair Building Use Approved

County Fair buildings at Indio will not remain idle and vacant in the long months between the annual County Fair and National Date Festival each February.

Supervisors have ruled that the buildings should have a wider use and placed them at the disposal of various recognized agencies for use during the remainder of the year.

Insurance plans for the buildings will be revamped to meet the new situation.

4 Killed, 3 Hurt As Car Plows Into Halloween Tots

BRUSSELS, Wis. (AP) — Four children were killed and three others were injured Wednesday night when they were hit by a car while making the traditional Halloween "trick or treat" rounds.

A car plowed into the gay group of 10 children just south of this Door County community. Four of the youngsters were killed, three were hospitalized at Algoma, and three escaped injury.

The driver told authorities he was blinded by the lights of an approaching car and did not see the youngsters until it was too late to stop.

The Palisades, which make up the lower part of the west bank of the Hudson River are said by geologists to contain rocks about 150,000,000 years old.

Total Residential Construction to Exceed \$650,000

Desert Estados makes its bow on the ever-increasing residential demand in Palm Springs in an announcement made today by the Talbert Construction Company and Philip B. Gertler, developer.

Twenty-four homes have been scheduled of which five are now under construction, according to George Gannon of the Gannon Realty Company, exclusive sales agents for this new development. On completion, a total in excess of \$650,000 in new residential value will find its way into our expanding economy.

CUSTOM DETAILS abound in these new homes, such as birch cabinets or colored steel cabinets in the kitchens, open beam or plastered ceilings. Garbage disposals and dish washers are standard equipment. A large storage room and laundry room make for functional living. Colored fixtures with Pullmans are standard in the baths.

The modern touch is emphasized by a five-ton refrigerated cooling and forced air heating with a two-blower system. An inter-com system completes some of the luxury features.

Generous financing is offered the buyer through the Coachella Valley Savings and Loan Association. Prices start at \$26,500 with \$6,500 down, with a 20-year first trust deed payable at \$140 per month including principal, interest, insurance and taxes. A small monthly payment on the secondary financing, makes these homes available to the middle income buyer.

to the middle income buyer.

SAM FRANK, associate of the Gannon Realty Company, has been appointed sales coordinator of this new offering. Complete floor plans are available at the Gannon Realty Company office.

Location of this new development is just east of Sunrise Way with exposures giving a commanding view of the mountains and desert.

Tierra Del Sol Individual Desert Homes, Community Center to Hold Grand Opening With Showing of Four Model Homes This Weekend

Four beautifully furnished model homes go on display this weekend as a feature of the grand opening of Tierra Del Sol individual desert homes and community recreation center, it was announced by the builders, Desert Sun Development Corporation.

Located in the Thunderbird Country Club area, one mile north of Desert Air Airport, the four completely furnished model homes will be open to the public daily and Sundays.

Of striking contemporary design, Tierra Del Sol desert homes illustrate the latest features of architectural design, interior decoration and residential planning for families interested in a "second" home in the world-famous Palm Springs desert resort area. The homes, representing a variety of architectural styles, are oriented on choice view lots with an emphasis on their relation to the site and to the homes on either side, it was explained.

THE TIERRA DEL SOL residential development emphasizes improved construction practices and greater individuality in finished homes. Colorful living rooms and glamorous kitchens give a hint of what may be expected by visitors in the way of exciting interpretations of modern furnishings and decor. Color coordination and furnishings are by C. Tony Pereira, internationally known decorator and furnisher.

Planned for maximum livability, flexibility and comfort, Tierra Del Sol offers a desert resort home that is attractive, comfortable and conveniently located, and which can be maintained with minimum effort.

Designed by Richard R. Leitch, architect, A.I.A., of Pasadena, each home can be converted to several modes of living, depending on a family's individual situation at any given time. An attempt has been made to tailor each home to the specific needs of typical families who desire a "second home" in a desert resort area.

THE HOMES, WITH one, two or three bedrooms and two baths, feature General Electric's kitchen-laundry center comprising five major appliances in one convenient, compact unit. Here, in one space-saving unit, are five modern electrical servants, all conveniently grouped under a lustrous, easy-to-clean stainless steel work surface.

A dining bar and decorative, hand-printed wallpaper between kitchen and dining area further enhance the beauty of the efficient food preparation center. Natural hardwood cabinets and doors are used throughout the homes.

The dramatic, pleasing simplicity of the exteriors is set off by redwood siding, natural stone and mosaic tile. Covered porches and decorative fencing complement the contemporary feeling and add design interest. Broad overhangs shelter windows and glass walls from the summer sun, while the windows admit light and warmth in the winter season.

A SCREENED LANAI emphasizes the luxurious, distinctive

charm of indoor-outdoor living, and brings a refreshing mood of the South Pacific's lure to the ease and tranquility of desert resort living at its finest. The lanai provides another welcome indoor-outdoor living facility to Southlanders who are delighted with new innovations and added refinements to relaxed, carefree living. This has special interest and appeal to families who have discovered the magic charm and restful enjoyment of desert resort living.

The designer has visualized color, form and living facilities in relationship to comfortable, flexible living conditions and easy maintenance. Good planning is immediately apparent to the visitor, from the manner in which the homes are oriented on their sites, to the convenient, minimum-care features of the homes.

Folding, accordion-type hardwood doors and Shoji sliding room dividers accent the dominant idea of convertibility of space to suit the family's needs and desires under varying conditions.

THE INTERIOR COLOR scheme was inspired by a feeling of restful living within the desert, utilizing monochromatic, muted shades with splashing accents of color, and skillful use of lamps and figurines.

With fully insulated roofs and walls, the homes have fully weather-stripped openings, while the sliding doors have double weatherstripping. Refrigerated air conditioning insures maximum comfort year-round.

The baths have ceramic mosaic tile showers and tub wainscots, glass shower doors and vinyl tile floor covering. The master bedroom has its own bath and dressing room.

Tierra Del Sol community recreation center is equipped with swimming pool, dressing rooms and volleyball court, and is enclosed by masonry walls and glass screens, with wrought iron entry gates.

Reid-Wade Company and John Dawson of Palm Springs are sales agents for Tierra Del Sol, it was announced.

Tierra Del Sol is easily reached by driving south from Palm Springs on Highway 111 to the Thunderbird Country Club entrance, turning left to Del Sol Road, then right on Rio Del Sol to Tierra Del Sol, one mile north of Desert Air Airport.

Home Storage Plans Available

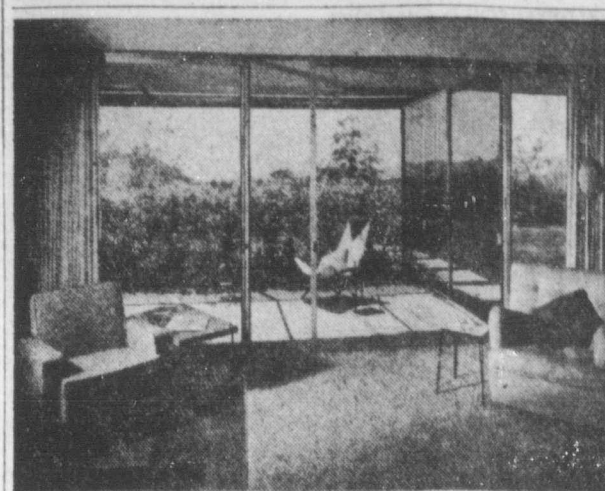

Fifty-two fir plywood home storage plans—all new, all dramatic and all useful, are shown in detail in a booklet recently published by the Douglas Fir Plywood Association.

Items in the plans booklet are designed to interest everyone in the family. Projects reach into every living room area in the contemporary home—including living room, bedroom, music center, family room, hobby and sports areas, kitchen, utility room, outdoor storage areas, patio and garden.

Individual items range from coffee tables with storage through several desks, darkroom fixtures, various sports lockers, toy ideas for children, patio serving wagon, and many others.

The "52-Plans booklet" may be obtained by writing to the Douglas Fir Plywood Association, Tacoma 2, Wash. Price of booklet is 50 cents.

The Desert Sun Friday, Nov. 2, 1956 5

A WINDOW WALL of sliding glass doors gives the feeling of added spaciousness and close indoor-outdoor unity to any room. The doors open easily to let in fresh air and provide easy access to the patio, and even when closed do not shut off the light and view.

Sliding Glass Doors Aid Open Living, Make Patio Integrated Part of Home

Patios, the scene of many hours of relaxed outdoor enjoyment, are replacing the front porch of grand-mother's era in the style-wise homes of today, and designers are going one step farther in the trend towards "open living" by making the patio a closely integrated part of the home, says Gordon W. Orbesen, insulating glass consultant for Libby-Owens-Ford Glass Company.

Patios now frequently open off popular living areas such as combination living-dining rooms and these indoor-outdoor areas are separated by sliding glass doors instead of an opaque wall, reported Orbesen.

IN FINE WEATHER the doors slide back easily to let in a flood of fresh air, and the patio automatically becomes an "outdoor sitting room" only a step away. The indoor living area seems to extend outside to the patio, affording a feeling of added spaciousness.

When the weather is cool the doors can be closed to shut out the elements without stopping the light. The indoor rooms are not cut off from the patio, thus maintaining the feeling of "openness." The beauty of the seasons is added as a living mural which can be enjoyed to the fullest from the comfort of the living room.

ORBESEN SAYS there are several manufacturers located throughout the country who are making sliding glass doors avail-

able in either polished plate glass or Thermopane doublepane insulating glass. In sections of the country where pleasant weather prevails, polished plane glass rates high in popularity.

Skillet Offers Constant Heat

An automatic electric skillet offers you exact temperature control for skillet dishes that require a variety of temperatures during their preparation, and it is made to cook and brown uniformly over its entire cooking surface. Best of all, you can cook at the table, if you wish, for an electric skillet can be plugged in anywhere. It's mounted on plastic legs that won't damage your table top.

This convenient appliance can be used with equal success for pan broiling, frying, braising, or stewing. You use it just as you use a large deep skillet on the range. In fact, if you have a convenient outlet on or near your range, you can plug in the electric skillet right at your cooking center and have a spare surface unit in addition to your range units.

Editor's Corner

PROSPERITY IS REAL

By practically every common method of measuring the economy of this nation today, it shows up to be more prosperous than ever before. Some of the Democratic candidates have been striving to make voters believe that the prosperity they enjoy today is not real—that the Republicans are looking at the nation's economy through rose colored glasses. Well, let's see.

Taking the last four years of the Democratic administration and comparing them with the four years (last three months estimated) of the Eisenhower administration, McGraw-Hill Publishing Company of New York has just released some very interesting statistics for these two periods. The figures are made up from official U.S. Government records and so are reliable.

Without quoting a lot of figures here, which some of our readers may have seen anyway, here are some conclusions that can be drawn from them:

The gross national product did slow down from 1949 through 1952—but, when defense spending is subtracted, the national product available for use of the civilian population showed an INCREASE for the latter period. If adjusted further to include the effect of inflation as well as defense spending, the increase is 2.8 per cent under the last Democratic administration and 5 per cent under the Eisenhower administration.

Employment and Wages

Employment has increased about 3.7 million since 1952 against less than 2 million for the previous four years. The number of unemployed is higher in 1956 than in 1952, but as a percentage of the labor force it has declined as compared with the period under Truman. Factory wages rose faster in dollar terms from 1949 to 1952 but in real terms—after ad-

justment for price increases—workers have done better under the present Republican period.

It is true, as shown by the figures and pointed out by many Democratic orators, that there have been more business failures in the last four years than the previous four—but they always fail to state that incorporation of new business firms has increased EVEN MORE.

Big business: Did it fair best under the Democrats or the Republicans? The figures show that corporate profits, both before and after taxes, accounted for a larger share of national income in the period from 1949-52. In strictly dollar terms, profits after taxes have been higher the last four years, but in REAL terms they were higher during the Truman administration.

The one group which has not improved its economic position the last four years is, of course, the farmers. Their income has been lower since 1952. We all know why: an adjustment had to be made some time because conditions of the previous four years were unsound and had to be adjusted.

Figures are hardly necessary—because almost everyone knows that they are better off now than they were four years ago. In view of the Democratic claim, however—that present prosperous times are just an illusion—these figures bring out the cold facts and prove that the prosperity we are enjoying now is real and sound.

Let's keep it that way!

PATRICIA MEDINA and Richard Greene, long divorced, still hold hands as they make the rounds of the Hollywood and Palm Springs night spots. . . . "HAIRY CHEST"

I consider a hairy chest on a man a sign of masculinity and when I'm on a date I always casually unbitten the top two buttons of my shirt so the young lady I'm spending money on can see how masculine I am. Occasionally I run into smart-alecks who make wise cracks like "Oh, how cute, a fur under-shirt!" or "Eek! There's a mouse on your necktie!" but by and large young ladies go for this approach in a big way. In fact I'm planning to have a wig maker design me a special "chest toupee" that will really appeal to the younger type girls who are Rock and Roll fans. It's going to have sideburns.

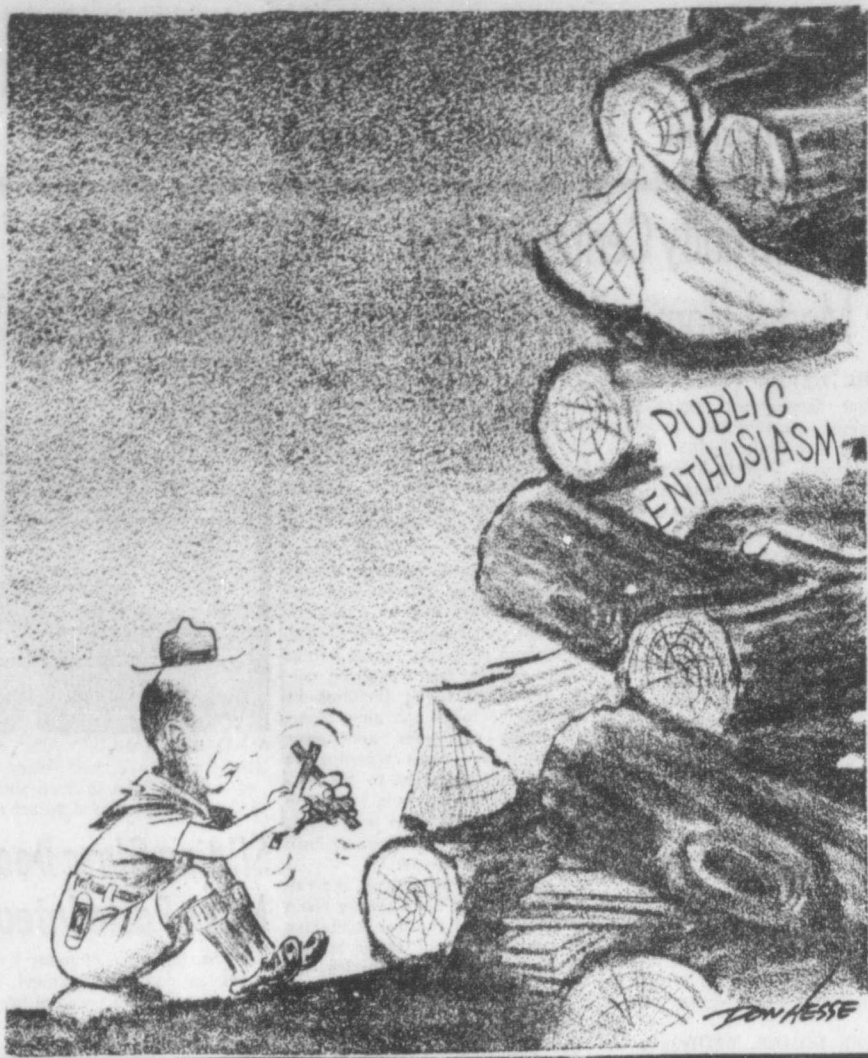

COMES A LETTER this week with just a picture of me, clipped from The Sun on the envelope, and the address Palm Springs, Calif. It was from Bill Conlin, formerly of this area and a public accountant. Bill is having it nice in Nice, a community in Lake County up north. I suppose that is pronounced Neese, maybe, like in France, but anyway, he says he's nicely situated. There must be money in that business. For another card this week is from Jimmy Campbell, another accountant. He says he's going to tour Europe next year. "Better than leaving my money at Del Mar," he wrote.

IN THE MAIL, also, was a note from Frank W. Camp, long-time and well known Villager. Commenting on a recent remark here that people were beginning to know more about Palm Springs, he said that it was his experience while on an Oriental cruise this summer that people, when he told them he was from Palm Springs, always asked him "how was the weather in Florida when you left?" He finally solved that by adding a sonorous "California" to Palm Springs. "Happily, California is well known in Hong Kong, Manila and various points visited in Japan."

PRETTY SOON all our pennies will be good for is to pay sales tax. They won't be good for a few minutes parking in the meters. City council ordered them all converted to take just nickels—for a half hour. Oh, well, lots of people won't remain a half hour and there'll be a few minutes free parking here and there for the alert.

And London Tid-Bits says: "Opportunity may only knock once but watch out for the opportunists!"

Having Trouble Getting the Fire Started

THIS SIDE of The Sun

By Phat

Let's all sing.
There's a great week coming,
Western Week when
Things will be humming.

Gay Western attire, the Yippee spirit of the Old West, lots of fun, pretty girl deputies, to be arrested by whom won't be a hardship, Kangaroo courts, fashion shows, (Western, of course) street dances, pet show for the kids, Square Dance Jamboree and, the Big Parade. Plus Whoopee!

That's the program for the 13th annual Western Week with the entire Village cooperating and joining in the fun.

VILLAGE HISTORY of the late '30s was recalled this week when the Southern California Gas Company demolished and sold for scrap that big tank north of the city. Eighteen years ago it was the hottest subject in town when the Gas company first erected it by the side of Highway 111. The desert-lovers shouted that it marred the serenity of our landscape. Priscilla Chaffey, then editor of one of the local papers (there were three) started a one-woman campaign against it. Button-holed Villagers and visitors and interviewed them. In two years, the company moved it back to the side of the mountain and dappled it in desert colors camouflage.

Where it stuck out like a sore thumb—but we had to have gas.

INEZ ROBB:

We're All Getting Younger

Hallelujah, science has done it again!

If you shave a year or two—or even five or six—off your age, honey, you aren't kidding anyone, not even yourself. You really ARE younger, and that's a fact.

A wonderful, brainy physiologist at the University of California has just stuck his head out of his laboratory long enough to announce that we Americans in our middle years are physiologically four years younger than our fathers and grandfathers at the dawn of the 20th Century.

We are getting younger all the time. This sweet man also figures that five to 20 years have been added to the active, productive early middle age of all of us. So, even if you have been whittling a decade or a mite more off your chronological age, you haven't been lying. You have just been a prophet without honor in your own back yard.

THIS SCIENTIST has made honest men and women of millions of us, and saved a whole nation from a premature old age. And I guess this announcement will silence a critic or two around Chez Robb who have been caustic because I am still 35.

Naturally, I have always looked younger than I am, and I know you do, too. It just takes me a little longer to look that way, that's all. Say, an extra hour a day.

So by the dawn's early light, who looks good? But by dinner time and candlelight, with a little extra eye shadow and a teeny-weeny bit of this and that, honestly, I'm a living doll. Well, all right, anyway, I'm living. At 35, who can ask for anything more?

LET ME TELL you what takes the heart out of persons like you and me who don't look our age: It's our contemporaries who do! Is there anything more disturbing than to go to a party, looking like a dead-ringer for your daughter's sister or your son's brother and be greeted by a one-time school friend who has lost his or her waistline or hair?

If only such squares would get lost along with their hair! A pox on any boor who can

tell another's age at a glance and does!

IT'S ONE THING to feel one's age, or even to act it. The unforgivable sin is to look it. That's why the Mesdames Elizabeth Arden, Helen Rubinstein, Marie Earle, and Jacqueline Cochrane were born. Time and tide may wait for no man. But both will know they've been in a fight with the above mentioned get through with 'em.

Man is growing younger, says my favorite physiologist, because he is healthier. The body's internal chemical processes do not age as rapidly as in the past since they are freer from infectious diseases and injury. This, in time, can be bigger and better than a Fountain of Youth.

Who's for laughing at Jack Benny now?

QUOTES

By UNITED PRESS

CHICAGO — Former Gov. Dwight H. Green, telling a Senate committee that he and other Illinois bankers trade political contributions for deposits of county and state funds:

"It seems perfectly obvious that if someone does a favor for you, you are going to reciprocate if you can."

MINNEAPOLIS, Minn. — President Eisenhower on the farm economy under his policies of flexible price supports:

"Clearly we are over the hump. I believe that the future in agriculture looks better — more promising and more dependable — than at any time in this generation."

NEW YORK — Sen. Estes Kefauver charging President Eisenhower was responsible for the "Republican gallery of broken promises":

"Under the Eisenhower-Nixon team, the national debt went up \$13 million, despite the continuance of high taxes for most of us."

More and more Mid-Western and Eastern money is pouring into town in the form of real estate investments. "And it's not foolish money either," to paraphrase a statement made by Adele Colgan.

In that statement, Mrs. Colgan meant that the people making the investments here certainly know what they are doing.

To prove her statement, the latest big investment of money by investors who stretch from the West coast to the East coast was the announcement today by Noel Clarke that he has sold the Bonaire Village to a syndicate. The exact amount of the transaction was not made public but including additional land adjoining the Bonaire and a parcel purchased from Bus Libott, the figure involved approached close to \$500,000.

In the syndicate incorporated as the Bonaire Inc., are: Sandy Rose, Chicago, president; Joe Eckhouse, general manager and officer of Gimbel's, New York City department store, and Charley Bern of 21 Brands, New York City.

All of the information regarding the sale points to additional cottages and an elaborate layout in the way of hotel accommodations. So you see, my children, Palm Springs still holds a rosy trail for people who view us from a distance or just come down for a month or two and become infatuated with our desert. Welcome fellows!

GOT A TREMENDOUS kick out of Harry Paisley's statement before members of the Palm Springs Hotel and Apartment House Association this morning. He told the assembled members of that organization that "Palm Springs is no longer a Winter resort, but an all year playground for tourists."

Can remember the day when I first broached the subject before the newly organized hotel association then, that a concerted effort on the part of all would make Palm Springs an all-year resort. This met with about fifty per cent opposition, but that opposition was strong enough so that I came back year after year and kept on talking about the same thing but without any great

amount of success. At last the president of the association arose and informed the members that they had better start thinking in terms of four seasons: Fall, Winter, Spring and Summer.

Ladies and gentlemen of the Palm Springs Hotel and Apartment Association, once again on a soap box allow me to inform you that Western Air Lines and other carriers will help considerably in your program. We can not make this an all-year around resort with a little thinking, but only with concerted and unified action.

STOPPED AT THE Rossmore and asked for the Carnival Room only to be informed by Jack Casey, the new 32-year-old owner with big plans for that hostelry, that henceforth that lounge is to be called the "Celebrity Room."

And well it may be with Ukie Sherin behind the piano drawing some of the biggest celebrities in the country into that room. The other night, Joe Bushkin, great pianist, Hoagy Carmichael, Jimmy Van Huesen and others took turns behind the piano and instead of Ukie doing the entertaining these guests gave with the music and songs.

Asked how he thought the conflict between the Israelis and the Egyptians would end, Ukie replied:

"All I can say is that I've never seen a camel that could catch a Cadillac."

AT LEAST ONE can say that the parking area alongside of the new Gannon Realty office is spacious enough. Onto it rolled a car and one of those long, long trailers the other day. The driver was seeking directions. And this led George to remark that he plans to play host to the 20-mule Borax team next.

Funny about hotel men when they go on a vacation. It's never to somebody's home or quiet retreat but the biggest hotel in the town in which they are visiting. Doing the town and the hotel in a nice way on a business holiday away from his St. Barbara Biltmore is Roderick Noonan.

And Frank Bogert — he is trying to hire one of your best men too.

EARL WILSON:

Presley Hits That Line

NEW YORK — Perhaps some of you young ladies will wish a lock of my crew cut now that I have personally, and in the presence of bona-fide witnesses, touched Elvis Presley.

Not too many requests, please, for the locks of my crew cut are limited. However . . .

Well, it occurred in Ed Sullivan's dressing room, 10 minutes after his TV show. Ed was just leaving.

But Elvis and some of his Dixie-talking buddies were staying around, waiting for the crowd to thin, so Elvis could escape with his sideburns intact.

"HOW WE GONNA get out of here?" Elvis was asking a fellow from CBS as he nervously roamed the big room.

"Through the basement," the fellow answered. "How does it look now?"

"Like hell," Elvis referred to the crowd and extra cops. Out on the steps his cousin, friend and watchdog, Gene Smith who also has sideburns, was waiting for news that the crowd was melting a little so he could try it. But it wasn't melting.

"Where's Tom Parker?" I asked Elvis, referring to his manager.

"Probably down in the lobby selling pictures," Elvis smiled, paying in this way a nice tribute to the Colonel's money-making propensity.

THEY SAY IT'S "Cunel Tom" who made Elvis a potential millionaire at only 21.

"Ed let you go a little more with the hips in this show," I remarked. "But it seemed fine to me."

"Oh, I didn't do anything vulgar!" Elvis spoke up quickly. "Listen," he turned to one of his buddies, "what time we got to shoot that picture tomorrow?"

"I hate to tell you," replied the one addressed. "You got to be up at 6:30. We better rush that basement right now."

"Come on, let's go!" Elvis sang out. Like a football team dashing out onto the field, we all swept down into the basement, under the stage, and then to the door leading onto Broadway where some cops, seeing us coming, cleared the way. Elvis pierced the crowd expertly, wriggling

out of squealing little girl's hands, and dived into a taxicab that shot away.

There was a moan and a groan from the fans and a few picked themselves up off the sidewalk onto which they had been upset in the rush.

And that's the way it is almost every time Elvis goes anywhere. I imagine it could, in a few years, grow irksome.

THE MIDNIGHT EARL . . . Jackie Gleason and Marilyn Taylor, sister of June Taylor, were together again at the Harwyn (after a lot of months apart) . . . The "Oklahoma" sign several stories high on the Mayfair Theater has a mis spelling: . . . Jayne Mansfield, who starts "Wayward Bus" next Monday, is dating three guys in Hollywood now — Nick Ray, Robert Wagner and Mickey Hargitay.

Tommy Dorsey's son Steven, 4, sang "Hot Diggity" all the way through at the Statler the other night from the bandstand . . . Audrey Meadows gets out of things by saying, "I can't, my sister's pregnant!" . . . The Tropicana in Cuba is going to have a glassed-in casino, the better to see yourselves losing your money.

Mrs. Errol Flynn (Pat Wyomere) is here from Europe on a business trip . . . Fess Parker got \$100,000 richer out of Davy Crockett . . . Now that he's skinny, Fat Jack E. Leonard galutes other people "Hi, Fat Man" . . . Duo: Sheila Bond and Bob Goldberg, manufacturer.

EARL'S PEARLS . . . It's when a woman hasn't been to the hairdresser for two weeks," says Bob Olin, "that she shows her true colors."

TODAY'S BEST LAUGH . . . "When I was a sailor and had been at sea 18 months, we were so eager for girls, we used to stand in line with a mop." Bob Sweeney on CBS TV.

WISH I'D SAID THAT . . . "The average wife wears nylon in zero weather — but still requires 90 per cent of the blanket." —Lou Apuzzo.

A famous Hollywood Producer, says Bill Haley, told his talent scouts, "Will you please go out and find me a new star to discover" . . . That's earl, brother.

NEW YORK — Dr. Enoch A. Holtwick, the Prohibition Party's presidential candidate, on the evils of drink:

"A sober workman is more valuable than one who appears on Monday with a hangover if, indeed, he appears at all."

WASHINGTON — President Eisenhower, asked if he would go to the U.N. to discuss the Suez crisis:

"As long as you can get a peace based on justice, I would go anywhere, do anything in the effort to do so."

See Through Egg Cartons Tested

Consumers like to see the eggs they buy.

The U. S. Department of Agriculture says that plastic, "see through" cartons for eggs proved popular in a series of customer tests in Maine. The Maine Experiment Station ran the tests in supermarkets in six cities.

The station said homemakers reported they liked to see the size of the eggs, the color and condition of the shell.

Full Program For Visiting Convention Wives

Women who accompanied their husbands to Palm Springs this week for the 34th annual meeting of the International Conference of Building Officials, which ends today at El Mirador, found a full program for events planned for them.

The first day of the convention, on Tuesday, Mrs. John C. Sanders presided over a women's meeting; there was a general assembly luncheon and a tour of the Village. That evening there was a poolside reception, followed by an Hawaiian buffet supper and dancing, hosted by members of the executive board and their wives.

A brunch and style show at Deep Well followed by cards, and a dinner with western entertainment and square dancing was scheduled for Wednesday. Yesterday started off with a coffee party and fashion show and an afternoon of cards, with the evening left free for a night on the town.

Winding up the four-day schedule will be the annual banquet this evening in El Mirador Room.

100 Attend Soroptimist Benefit

Fashions in squaw dresses, accentuated by exotic glasses and well-matched footwear, were modeled at the Indian Summer dinner given by Soroptimists of Palm Springs at Deep Well Inn on Tuesday evening. There were 110 in attendance at the benefit affair, which raised money for the Club's scholarship fund.

Club president Mabel Russell presided at the dinner which was under the chairmanship of Ida Keeney. Special entertainment was provided by Kitten Ferrar, who sang charmingly to the accompaniment of Ted Grouya, the composer.

Alyce Walker, in her usual capable fashion, commented on the style show. She was wearing one of the squaw dress models, in an off-one-shoulder style. The dresses, which came from Alpha Shop, ranged from the typical squaw dress to elaborate affairs suitable for evening wear. Shoes were from Ted Land's bootery and he, himself, commented on the various styles of footwear. Unusual item in the show were the eye glass fashions, of exotic styling, from Dr. G. Milkie.

Modeling were: Michelle Ailor, Joanne Flynn, Shirley Larkin, Nettie Kalbach, Kitten Ferrar, Shirley and Ann Osburn, Ida Keeney, Pat Higgins, Ruth Hudkins, Sandy Ailor, and little Misses Kater Rashall and Janet Sue Harris.

Santos had prepared a wonderful fare, which had as its entree and Santos' special of breast of chicken and Virginia ham on toast rounds.

If during painting, some splatter dries on crystal or glassware, don't try scraping it off. You will scratch the service. Instead, soak the glassware for a few minutes in a sink full of hot water to which has been added 1/2 cup of sal soda concentrated. The sal loosens the dried paint. Rinse and dry.

To remove fruit stains from your hands, rub them with a piece of lemon dipped in salt. Then wash in cold water.

TIJUANA WAS one of the last stops made by the Annino family after their transcontinental tour this summer. The boy in front is Vester. Others from left to right, are Alber, Jeff Annino and Mrs. Annino, Denson and Tommy.

Anninos Enjoy Trip Across The Continent

The Jeff Anninos and their four boys Denson, Alber, Tommy and Vester, have returned to their home at 32-699 SKY Blue Water Trail, after an eventful vacation time.

Instead of spending their summers at their mountain home in Idyllwild, as is customary, the Anninos took the month of July to visit his mother and other relatives in Connecticut, also spending some time at the family's seashore cottage on Long Island Sound.

The Villagers visited New York, including the Statue of Liberty, the top of the Empire State Building, the zoo, museum of natural history, Coney Island, and other spots in their sightseeing tours. Viewing Broadway at night and attending a few shows were other highlights of their stay before they headed out through Holland Tunnel from Washington, D.C., where they toured the capital.

En route home the family stopped in New Orleans, Roswell, New Mexico, Las Vegas, Tijuana, before going up to Idyllwild for the rest of the summer.

Be Choosy in Antique Search

Be choosy when you collect antiques.

One New York antique dealer says that it is quality, not quantity, which makes a good collection.

"Why be proud just because you own 6,500 bells?" asked collector Julius Carlebach. "Or own 850 perfumes, or 1,000 antique buttons?"

Carlebach makes sure his own collections follow the quality rule. He specializes in rare items and at the recent International Antiques Exhibition here, showed a 1,500-year old stone replica of a Mexican house. He said it was valued at \$35,000. His display also included primitive art from Africa, Peru, Mexico and the South Seas.

U.S. piano sales grew from 145,000 in 1947 to 178,000 in 1955.

Around Town

with Hildy Crawford

Quoting from President Dwight D. Eisenhower . . . "Citizenship . . . is our most priceless heritage . . . and each of us will have an exceptional chance to exemplify this on Tuesday, November 6 . . . by going to the polls to vote for our principles . . . and incidentally, for our favorite candidates . . . Wearing an "IKE" button . . . or carrying a Stevenson placard on our cars . . . means nothing without the vote . . . and this year there seems to be a deeper realization of the importance of our civic duty . . . which is also the priceless heritage that Eisenhower was talking about . . .

This was demonstrated here yesterday . . . when the telephone rang in the Dr. J. H. McCracken home at 371 Chino Drive . . . and it was Washington, D.C., calling for Mrs. McCracken . . .

It was one of those "tele-friend" calls . . . that are stirring up election interest all over the country . . . and it was Jessie Wilson, wife of Defense Secretary Charles Wilson, who was calling . . . She was talking over a one-way telephone connection, to 24 friends scattered through many different states . . . urging a speeded-up "get out the vote" effort . . . and asking each to make 10 similar calls to friends . . . starting a telephone chain . . . She said she hoped that each would cast a vote for the Eisenhower-Nixon ticket . . . pointing out that the far eastern crisis has increased the importance of such a vote . . .

Mrs. Wilson's closest friend, and the godmother of Mrs. McCracken, Mrs. Thomas A. Peabody of North Manchester, Indiana . . . is flying out to the coast on November 9 for a visit with the McCrackens . . . They will meet her at the airport in Los Angeles and bring her to Palm Springs for a fortnight's stay at their new house on Chino Drive . . .

The McCrackens commute back and forth between here and Portuguese Bend Club . . . and after showing Mrs. Peabody Palm Springs, they will take her there . . . for a week or two of fun around Los Angeles . . .

Shadow Mountain Club has invited its arm chair electioneers to "pull up a TV set and join the political throng . . . on Election Night . . . with full plans for a special Election Day party on November 6 . . . That's Tuesday . . . Dinner will be served from 6 to 9, with cocktail service from 7 until 2 a.m. Several TV sets are being brought in . . . so that political factions may view their candidates' returns in uncrowded comfort . . .

Santos is planning something similar out at Deep Well . . . An

Eisenhower dinner . . . and a Stevenson supper will be served while the TV crowd watch for late election returns from over the nation . . .

There will be two TV sets in action . . . at Howard Manor on Election night . . . with Manager Bill White inviting diners to watch all their favorite Tuesday night programs . . . Phil Silvers, Jane Wyman and the \$64,000 Question . . . winding up with the election returns . . .

Marcia Barrett was due to arrive in Palm Springs today . . . but planned to go straight from the railroad station in San Bernardino . . . to St. Bernardine's Hospital . . . to see her friend Jerry Handwork . . . who was so seriously injured in the automobile accident which claimed the life of Jerry's husband Ben Handwork.

Georgina Poston has purchased the Warren Strehle house on Olive Way . . . and will move in around the 15th . . . Naturally this sale was made through the Harold Hicks real estate office . . .

Dining at the Doll House Wednesday evening . . . were Fern and Harold McAllister . . .

Marian and Leroy Garrett (he's the Los Angeles attorney) are at Ingleside Inn . . . for a three weeks' stay . . .

The Hawthorne Dents of Seattle, well-known winter residents, arrived in the Village Tuesday . . . to open up their new house on Via Monte Vista which they purchased last year . . .

The Jack Sheridans and their youngsters Gary and Katherine . . . are here for an indefinite stay at their Via Lola house . . . Mrs. Sheridan is the former Elaine Naish . . .

With fitting speeches, the Past Matron's Jewel was presented to Mrs. Magennis by her husband Arthur K. Magennis, and Lou Dubin received his Past Patron's Jewel from his wife Anita. As the two are ending their year of office, they received many gifts and well wishes.

Leftover cooked meat should be kept in a covered container for not more than five to six days in the refrigerator; two or three weeks in the ice cube section, and six months to a year in the freezer, Michigan State University food specialists say.

Horses are still big business in New York state, even though they don't haul railway cars any more. For instance horse racing is big business.

TODAY'S SPORTS PARADE

By OSCAR FRALEY

NEW YORK, N.Y. — It's hail and farewell for Lou Little at Baker Field Saturday as for the final time he guides his tattered Columbia Lions in a home game.

For 27 years, Little has paced the Baker Field sidelines and more often than not the figures on the scoreboard were against him. Now, after this contest against Cornell, only three away games remain for him as he faces mandatory retirement next month on reaching 65.

BUT NO MATTER what the score on the big board at the open end of the arena on the banks of the East River, "Foghorn Lou" goes out a winner in the hearts of all the young men he has handled through more than a quarter century at Morningside Heights.

The old Lion from Leominster hasn't had many winning seasons as far as the record book is concerned. None, matter of fact, since 1931 when his club won five and lost three. This year it won only one out of five to date.

YET HE HAD his big moments of victory, too. Like in the 1934 Rose Bowl game when his underdog Columbia team upset mighty Stanford, 7-0, and 1947, when his twice-beaten Lions snapped Army's streak of 32 consecutive games without defeat.

Yet it is on the human side that the one-time Penn tackle, who in recent years turned down coaching bids from his alma mater and from Yale, has been an unparalleled success.

ALWAYS THE BOYS came first and for them it was studies first. Lou constantly checked their grades, and, if they needed tutoring, saw that they got it.

He turned out his share of stars like Sid Luckman, Cliff Montgomery and Paul Governali, from his limited material. But he is prouder of the fact that he turned out a host of professional men who went on to become doctors, attorneys, engineers and dentists.

EVEN NOW, four times a year he sends them all a letter giving them all the scuttlbutt on which he can lay his hands. Once a year he sends them the addresses of everybody who played on his teams and urges them to "keep in touch."

"I've no idea what I'll do now," he says with a catch in his voice. "I won't make up my mind until after the season. But after all these years it's hard to get used to the idea of sitting on the shelf."

Indianapolis Vets Race at Van Nuys

VAN NUYS, N.Y. — Entries still were being received today for a 25-mile USAC national championship stock car race Sunday over the tricky Paramount Ranch road course near Agoura.

Promoter J. C. Agajanian said entries had been received from 34 drivers, including 16 Indianapolis veterans. Latest drivers to enter the event were Ray Crawford, George Seeger and Bill Cheeseborough.

Indians Seek Second Win Tonight Against Hemet on Local Gridiron

at 8 o'clock tonight, seeking their second victory and a chance to move closer to the first division in the current football race.

Hemet has a 2-1-1 record, eking out a narrow win last week over Perris, 7-0.

THE INDIANS, with David Lance sparking the play with a 96-yard TD run from scrimmage, won their first league game against Banning there last Friday. The performance by Lance is believed to be the longest scoring sprint from scrimmage in the league's history.

Ballagh stressed offense in this week's practice to provide his charges with a sustained drive, something they have been lacking so far this year.

DEFENSIVELY, the Indians have looked good so far this season and have been playing alert football. They are expected to contain the Bulldogs single wing attack tonight and the offensive drills of the week have been with an eye to putting some markers on the scoreboard. If the Redmen can go through the remainder of the season without defeat they have a chance to wind up in the second

Nation's Top Sports Car Drivers to Race Here Tomorrow, Sunday

More than 250 of the nation's finest sports car drivers converge on the 2.9-mile airport course tomorrow and Sunday with drivers from all over the nation "going after the Big One" for 1956 titles as the season's finale, the First Palm Springs National Championship Road Races gets under way.

At least four, and possibly more, 1956 national champions will emerge as a direct result of the two-day, seven race event in class, although the top interest will center on the over-1500cc modified racefest.

Red Athletes Heading for Games, Lost

MELBOURNE, Australia, N.Y. — Olympic officials, after assuring the world that the games will be held "under any circumstances," turned their attention today to the "disappearance" of a Russian ship carrying athletes to Melbourne.

The 16,000-ton Russian merchantman Gruzia left Odessa for Melbourne Oct. 9. It was carrying 91 Russians, 17 Hungarians, two Czechs and 30 reporters.

The ship is believed to be somewhere off the west coast of Australia but local officials have received no replies to radio messages sent to the Gruzia requesting the date and time of arrival. The United Press cabled the Gruzia Thursday requesting information of its whereabouts but received no reply.

Meanwhile speculation was ripe concerning how the Hungarians aboard the Gruzia were enjoying their trip with the Russians, whom other members of the Hungarian team were quoted as calling "murderers" upon leaving Budapest earlier this week.

Most observers here conceded that the Russian ship "will remain behind schedule" until the international situation is clarified.

However, more than one official admitted that neither the Hungarian uprising nor the "police action" in the Middle East will interfere with the Olympics.

"The games will be held under any circumstances," said Sir William Bridgeford, who is an ex-commander-in-chief in Korea and now is serving as chief executive officer of the Olympics.

"The Olympics are an international movement," stated committee delegate Lewis Lutton. "We are unconcerned and uninterested in politics."

Regarding reports that the tense Middle East situation might force cancellation of the games, Edgar Tanner, secretary of the organizing committee, said, "That is just war mongering; people who even think like that are alarmists."

Kelly Says U.S. Olympic Team Now in the Pink

LOS ANGELES (AP)—Coach Jim Kelly said today his record-breaking U.S. Olympic track and field team couldn't be in any better shape for the games later this month at Melbourne.

Kelly's optimism was based on his team's performance Thursday in a final practice meet at Memorial Coliseum here.

Parry O'Brien, the world's champion shotputter, topped the list of outstanding performances turned in by the United States best track and field stars. O'Brien heaved the iron ball 63 feet, two inches to record his best toss of his career.

Graham Withdraws From Olympic Team

LOS ANGELES (AP)—Pole vaulter Jim Graham of Oklahoma A&M has voluntarily withdrawn from the U.S. Olympic track and field team to make way for Bob Gutowski.

Graham told he felt Gutowski could do better at Melbourne. Gutowski, of Occidental College, qualified as an alternate.

11 Trotters Entered In Hollywood Feature

INGLEWOOD, N.Y. — Eleven trotters went postward today in the \$5,000-added Santa Barbara trot at Hollywood Park.

Hugo Hanover and Excella headed the large field of trotters. Hugo Hanover boasts an impressive record of two victories in the fall Western Racing Assn. meeting here.

Fight Results

DALLAS, Tex. — Buddy Turman, 185, Tyler, Tex., stopped Emil Briko, 202, Pittsburgh 3.

LOS ANGELES — Tombstone Smith, 153½, Los Angeles, stopped Hank Davis, 154, Phoenix, Ariz., 9.

IT'S IN THIS classification that such great pilots as Carroll Shelby, Phil Hill, Jack McAfee, Jim Kimberly (he's the national prexy of the sponsoring SCCA), Chuck Wallace, Fred Windridge, Johnny von Neumann and others meet head on. Shelby and Hill will both be driving Ferraris, although the

Shelby mount, the powerhouse 4.9 John Edgar Ferrari, must be regarded as the superior machine. The two men, in ability, are rated a standoff—great.

Paul O'Shea, 1955 over-all national champion who has a commanding 1250-point lead for this year's crown, appears a veritable cinch to repeat, since he'll drive Edgar's classy Mercedes-Benz 300 SL in the over 3000 cc production class event. O'Shea has won sev-

en big races this year in the car, and should walk off with top honors again this weekend.

IN THE UNDER-1500cc. main action is apt to be just as competitive as the "big bore" event. Top favorites in this scrappy tilt will be such aces as McAfee, Richie Ginther, Pete Lovely, Sam Weiss, Jean Pierre Kuntze and Johnny Porter.

Tomorrow's race card starts at 1:30 p.m. with five-lap qualifying heats.

Sunday's racing starts at 10 a.m. with a 15-lap mixed race for production sport cars under 1300cc and production European sedans. No. 2 is the women's race, 10-laps, followed by the go-fast for production speedsters 1300-3000 except Mercedes Benz.

Jayvees Win Over Hemet There, 26-12

Palm Springs High School Junior Varsity moved into second spot in JV competition in the Riverside County League last night when they bopped the Hemet Bs at Hemet, 26 to 12.

The victory put Coach Alfred Kazmire's boys right behind Coachella, the only team to defeat them this year. The Arab Bs lead the loop and have not yet been scored upon.

Gary Eastin started the Papoose squad in its victory march in the first quarter with a 12-yard sprint around end and Bob Bigelow added the PAT. Ivy dented the end zone in the second period with a seven-yard jaunt. Bigelow again splitting the uprights to make it 14-0.

Hemet gathered in one on a spinner and the half ended, 14-6.

In the third period Holland went 10 yards for the third local TD but Maynard failed in the conversion attempt and it read 20-6 for the home town boys. Hemet added its second marker in this frame and it was 20-12.

John Gallerimi picked up a Hemet fumble on their one-yard line in the final period and Bill Holmes rammed his way over and that's the way the game ended, 26-12.

Vines Shoots 67 to Lead in Pomona Open

Ellsworth Vines, Tamarisk Country Club pro, zoomed into the lead in the Pomona Valley Golf Tournament at Los Serranos Country Club south of Chino Thursday when he carded a 5-under-par 67 on the opening day.

Gene Littler teed off today as the second half of the field of top pros and amateurs went into action. Leading scorers will make up the reduced field which finishes the last 36 holes of medal play in the 54-hole tournament Saturday and Sunday.

Vines putter was hot Thursday in his rounds of 33-34 on the 36-par course. He holed out an 8-footer for an eagle on the first and had successful putts of 15, 10 and 12 for birdies on the out-going round and three birdies with putts of 12, 15 and 6, coming home.

Dr. Frank M. (Bud) Taylor, four times winner in local tournaments and twice state amateur champion wound up with a 71 for the first days play. He scored a 35-36.

Many of the leading California pros and amateurs are playing the sporty Les Serranos course with its tricky barrancas and traps. Littler is defending champion.

Stanford-Bruin Clash Looms as Nation's Biggie

By TIMMORIARTY
United Press Sports Writer
IOWA vs. Michigan and Stanford vs. UCLA shape up as the major conference struggles on Saturday's college football schedule—and both games may produce the teams that will knock heads in the Rose Bowl game at Pasadena, Calif., next New Year's Day.

Iowa, unbeaten in five games, is the surprise leader of the Big Ten conference with a 3-0 record but is a three-point underdog against the Wolverines, who haven't lost to the Hawkeyes since 1924.

However, Iowa Coach Forest Evashevski, himself a former Michigan star, feels this is the year his boys will catch up with the Wolverines. He has been drilling the Hawkeyes extra hard all week, placing extra emphasis on their pass defense.

Stanford, the Pacific Coast Conference leader with a 3-0 mark, is a nine-point choice over UCLA. The Bruins walloped Stanford, 72-0, two years ago but this is another season and, led by pass master John Brodie, the Indians are expected to make those odds stand up.

Brodie currently leads the nation in total offense and UCLA Coach Red Sanders frankly admits "I don't know how we'll stop him. We tried rushing him with four men last year and not even that helped much."

The Good...and...The Bad

The week's good and bad news on the international balance sheet:

EXPLOSION

An Israeli invasion of Egypt developed swiftly, dramatically and confusedly into the most serious international dispute since the Communist invasion of South Korea in 1950.

Great Britain and France, without consulting the United States, presented a 12-hour ultimatum to Israeli and Egyptian forces to withdraw from the Suez Canal Zone. They announced that, unless the ultimatum was accepted, they would occupy the waterway.

EGYPT REJECTED the ultimatum. British and French air forces opened a bombing attack against Egyptian air bases. The Israeli-Egyptian fighting became a side show.

Egypt broke off diplomatic relations with Britain and France.

The United States had taken the situation to the United Nations Security Council as soon as it learned of the Israeli invasion.

When the Security Council met, Britain and France vetoed United States and Soviet Russian resolution calling for a cease fire.

The Security Council, executive committee of the U.N., then called the full General Assembly, in which all 76 member nations are represented, into its first emergency meeting since the Korean invasion.

Poland, freed itself from Moscow rule.

CARDINAL MINDSZENTY, Roman Catholic primate of Hungary, was freed from prison and escorted in triumph into Budapest.

Hungarian "Titoist" Premier Imre Nagy took over the post of foreign minister to negotiate the complete withdrawal of Russian troops.

The East German Communists got the jitters. They announced they would crush any Titoist movement by force.

But university students, openly rebellious, demanded the freeing of educational institutions from Communist control. They threatened to hold street demonstrations. The revolts in both Poland and Hungary started with similar student demands.

Prohibition Party

COVINA, (AP)—Ray Gourley, Prohibition Party nominee for U.S. Senate from California, has withdrawn from the race and thrown his support to the Democratic nominee, state Sen. Richard Richards.

Gourley said the contest was strictly between the two major party candidates and he added that in his opinion, "Richards is by far the better qualified."

Alfalfa responds well to soil that tests very high for phosphate and potash.

Richfield Oil Sues Fulton Lewis Jr.

WASHINGTON, (AP)—The Richfield Oil Corp. of Los Angeles today filed a \$7 million suit against radio commentator Fulton Lewis Jr. It charged that Lewis made "false, malicious and defamatory" statements about the firm in a broadcast over the Mutual Broadcasting System Oct. 1.

The company said Lewis libeled it when he said the firm "has a

very unsavory past history," "was timed in with the Teapot Dome Oil scandal," and intends to "squeeze the independent oil firms to the wall."

The suit also said Lewis accused it of using "crisp \$100 bills where they will do the most good" in a \$2 million campaign to persuade California voters to support an oil conservation measure in the coming election.

Oil Bids Yield Navajos Millions

WINDOW ROCK, Ariz., (AP)—The Navajo nation was nearly 27.5 million richer today following receipt Thursday of record bids on oil and gas leases in Utah and New Mexico.

The giant leasing deal covered 112,138 acres of reservation lands and will net the tribe \$27,476,216 in bonus bids.

The top bid, for 2,560 acres, was \$7,941,120 offered jointly by the Pure Oil, Sun Oil and Ohio Oil companies.

Tribal officials saw the transaction as at least a partial solution to the urgent need of the Navajo Indians for drought relief and development funds.

Adlai Wires Democratic Leaders To Hammer on Middle East 'Debate'

BUFFALO, N.Y., (AP)—Adlai E. Stevenson urged Democratic leaders across the nation today to join him in "hammering home the lessons of the Middle Eastern debacle."

The Democratic presidential candidate sent a telegram to all congressmen, governors and candidates for Congress from his party asking them to help him give the nation "a full understanding of the causes and consequences of the Middle Eastern crisis."

STEVENSON DISCLOSED the text of his telegram shortly before he left by plane for Cleveland, where he was scheduled to address a political rally.

In his telegram, Stevenson referred to the attack on the Eisenhower administration's Middle Eastern policy which he delivered Thursday night in a nationwide broadcast.

STEVENSON CHARGED that for four years, the United States had "played fast and loose" with Israel, Egypt, India, Britain and France.

"... The consequence is the total loss of confidence in American wisdom and American purposes," he said. "... If we want a foreign policy which can hold back Communism and work for a lasting peace in the world we must lose no time in the next four years in hammering home the lessons of the Middle Eastern debacle."

EN ROUTE WITH NIXON

Vice President Richard M. Nixon ends his Pennsylvania campaign today confident the Republicans will carry the Keystone State which Democratic strategists count as crucial to their victory hopes.

He scheduled a "major" address to be televised nationally (CBS, 9:30 p.m. EST) at Hershey to cap a two-day whistle stop drive for the state's 32 electoral votes. A campaign aide indicated it would deal with the tense international situation.

Nixon also said he and his wife had decided not to fly to California Tuesday to vote and to listen to election returns. They will vote instead by absentee ballot.

EN ROUTE WITH KEFAUVER

Sen. Estes Kefauver charged today that the Eisenhower administration had turned its back on solemn promises to aid areas distressed by unemployment.

The Democratic vice presidential nominee concentrated his attack on Western Pennsylvania where unemployment is a serious issue in many localities.

In a speech prepared for delivery at Sharon, Pa., the Tennessee senator said the Eisenhower administration had opposed a Democratic-sponsored bill to provide federal relief for distressed areas.

The opposition came despite the President's promise four years ago that he would "at the least sign of depression, marshal all the powers

Coast Boys Club Delegates Here For Convention

Delegates from many cities in California and from Arizona, convened here today for the annual convention of the Pacific Coast Area, Boys Clubs of America.

Aaron H. Fahringer, regional director, will preside at the sessions at which matters of interest and importance to Boys Clubs in various cities will be discussed.

The annual banquet of the group will be held tonight at Oasis Hotel, headquarters for the convention.

Members of the board of directors of the Palm Springs Boys Club of which Raymond Cree is president, and Charles LaFrantz, in charge of Boys Club activities here, will attend the dinner as guests of Fahringer.

The convention will continue tomorrow and Sunday at the Oasis.

of the federal government to fight it," he charged.

WASHINGTON (AP)—President Eisenhower put aside his role of political campaigner today and concentrated on the grim task of preventing World War III.

Mr. Eisenhower delivered his "final, formal address of this political campaign" before 18,000 cheering Republican partisans in Philadelphia's Convention Hall Thursday night.

From here on out, the Chief Executive will leave to the Republican organization and his political lieutenants the chore of completing his second term election campaign.

Addressing himself to the grave crisis in the Middle East, the President declared:

"I shall continue to take all actions and decisions in these times, not as a candidate for office, but as President of all the United States."

Girl Turns Legal And Warns Chief To Be Likewise

KNOXVILLE, Tenn., (AP)—A little girl, warned that shooting off firecrackers is illegal here, turned over her stockpile to Police Chief Joe Kimsey with the accompanying letter:

"Dear Chief To keep me out of trouble on Halowe'en, I have decided to give you my firecrackers. So if you decide to shoot them, just remember what you told me."

Two Half Centuries

SALT LAKE CITY (AP)—When Mr. and Mrs. William R. Cottrell and Mr. and Mrs. Joseph H. Hensley, married in a double ceremony here in 1906, celebrated their 50th wedding anniversaries recently, Bishop John M. Whitacker of the Latter-Day Saints Church, who performed the ceremony told reporters: "I remember telling these four people 50 years ago that they should expect happiness to come from above and that only confusion would come from below." Whitacker is now 93.

Jackie Cochran Busy Winding Up Election Drive

Campaign activities of Jacqueline Cochran Odlum, candidate for the U.S. Congress in the 29th District, are filling a busy schedule of appearances and speaking dates this week before the Nov. 6 general election.

Yesterday, in addition to her non-political speech on Air Power to the student assembly at the Corona Senior High School, Mrs. Odlum met with precinct workers for a "coffee hour" in Arlington. The same evening, she and Congressman John Phillips answered questions at a meeting of Young Voters in Riverside.

THIS MORNING, Mrs. Odlum attended the 7:30 a.m. chuckwagon breakfast at the Thermal Airport, a special political rally staged to welcome U.S. Senator William Knowland who addressed a large crowd from both Riverside and Imperial counties.

Later today, prior to speaking at a political rally at the new elementary school in Edgemont, Mrs. Odlum will spend her time campaigning in Riverside and Corona. On Saturday, the candidate will attend several "coffee hours" in the Riverside area.

SUNDAY AFTERNOON, Mrs. Odlum will attend the St. Thomas Church fiesta in Arlington. This same evening she will give a non-political talk on "A Look at Russia" at the University Baptist Church in Riverside. Material for this talk was gathered during Mrs. Odlum's trip to Russia where she got a first-hand look at the country under the Communist regime.

Monday noon, Mrs. Odlum will address the Floral Art Group at the All Saints' Episcopal Church in Riverside.

Pressure Mounts For Steel Boost

NEW YORK (AP)—Pressure for higher steel prices is mounting, although "nothing is likely to happen before the end of the year," Iron Age said today.

The metalworking publication said higher production and raw material costs are putting "terrific" pressure on steel prices, and the producers are giving "continuous study" to a possible hike in the "extras" they charge customers for additional services and special quality operations.

Last summer's post-strike price increases of about \$8.50 per ton in the basic price now may prove "inadequate to offset higher costs," the trade paper commented.

Lions Observe Fathers-Sons Day Thursday

Palm Springs Lions Club yesterday observed Fathers and Sons Day and listened to a highly informative talk on the amazing development of army air craft, presented by Lt. Col. Herbert V. Leonhardt, of Edwards Air Force Base.

Col. Leonhardt is commandant of the Experimental Flight Test Pilot School there.

In his talk, which was followed by an 18-minute motion picture of the new jet fighters and bombers in action, the speaker described the tremendous advancement in speed and altitude of airplanes in the past few years.

With the sound barrier many times broken, the next problem is breaking the heat barrier, he said. Planes have exceeded 2,000 miles an hour, he told his listeners, and when this speed is further increased, there will be the problem of heat caused by air friction. At still higher speeds, this could be great enough to burn up a plane.

Everett Ball was program chairman for the day and introduced the speaker. President Joe Henderson presided.

Col. Leonhardt said that the Edwards base, with its natural runway over Rogers dry lake in the Murco area has many firsts in aviation history to its credit.

EX-PALM SPRINGS POLICE officer Alex Budsey is congratulated by movie star Robert Wagner, on the opening of a new private detective agency and private patrol in Palm Springs. The agency started operation today. (Anderson Photo)

Ex-Police Officer Starts Detective Agency and Private Patrol Today

Budsey's Detective Agency and Private Patrol today has started patrols in the desert area, it was reported by Alex Budsey, owner of the new firm.

The organization will be started with five cars, and to date the force consists of Budsey, Ed Gutmann and Durman Ordway, all ex-Palm Springs police officers, and two out-of-state men qualified as special investigators. Jay Budsey will be in charge of sales.

Services that the new agency will render include investigations, guards, plain clothes men or uniformed patrols, plain or marked cars, service for hotels, bars and restaurants.

Within the next few months the men will receive training in first aid and the use of resuscitator equipment which will be installed in patrol cars. Every member of the force will be trained, if not already so, as police officers.

Radios will be installed after an agreement is reached to use the same radio frequency as one of the other local law enforcement agencies.

Alex Budsey, owner of the new business, is 28 years old, spent three years in the Army, and has been in law enforcement work for four years — a little over two years with the local department.

Nevada is a Spanish word meaning snow-clad.

Six Well Known Desert Residents To Head Final Ike-Nixon Drive Here

The Riverside County Eisenhower-Nixon Committee announced today the appointment of six well-known desert area residents to spearhead the final campaign in the desert for Eisenhower-Nixon.

Upper Coachella Valley chairman is Herman Reich, businessman and former candidate for congress. Lower Coachella Valley chairman is Bert Cavanagh, rancher and longtime CV resident.

Palm Springs chairman are Culver Nichols and Al Hoover; Cathedral City chairman is Willard R. "Bill" Hilary; while Rancho Mirage-Palm Desert chairman is Ted Smith.

In accepting the committee chairman posts the six said: "We welcome the opportunity to serve in the effort leading to the re-election of Dwight Eisenhower and

Richard Nixon to the highest office in this country. They have proven their ability — Eisenhower as a great leader and statesman, and Nixon as an effective and energetic assistant. They deserve to be re-elected to insure continuance of the federal-state-private enterprise approach to domestic problems and the peaceful approach to international difficulties.

"And if President Eisenhower is to be an effective and successful leader in both these approaches, he must have strong Republican support in both state and federal government and we therefore urge election of the entire Republican ticket to this end," they stated.

Appointment of the six desert chairmen was announced by George V. Claytor, county chairman for the Eisenhower-Nixon forces, and Fred Eldridge, executive campaign manager for the county.

Dr. C. E. Jaeger To be Speaker

Dr. Edmund C. Jaeger, curator of plants at the Riverside Museum, author of numerous books and articles on desert subjects, and long-time friend and sponsor of the Desert Museum, will make his 31st appearance on the Museum's popular lecture series, Saturday at 8 p. m. in the Frances Stevens school auditorium.

The talk prepared by Dr. Jaeger will be illustrated with Kodachrome slides and is based on the speaker's extensive knowledge of places to go and things to see in the American Desert areas.

The public is invited to "Let's Go Camping Again" with Dr. Edmund C. Jaeger.
